

Chapz for Wet Shave

Chapz…The Wet Shave. At Chapz barber shop we offer a traditional Wet Shave experience as part of our expanding range of services. You can enjoy a Wet Shave in the privacy of our separate shaving lounge to the rear of the main salon. The shave is performed with the use of an open straight razor (cut throat type) the razor uses disposable blades, this ensures every client enjoys a hygienic and close shave. NO blade is ever used twice, ensuring our high standards of hygiene are maintained. The shave experience is very relaxing, and is the ultimate in male grooming. Allow yourself time to enjoy the shave, which will last 30 to 40 minutes. All the products used during the shave process can be purchased for home use. (Please Click for details) Given the busy lives we lead, and the hectic pace we find ourselves following at times, the shave experience is a great way to relax and be pampered in a masculine way. Shaving at Chapz, for the moment, is on a Saturday only, so please book to avoid disappointment. Appointments can be made for groups so please ask for details. Wet Shave for just £15.00
